Foundation NZ

Some of the topics we'll cover include:

- the latest data and information about youth vaping in Aotearoa NZ
- how the vape industry is impacting young people today
- current legislation and what it all means
- what parents, teens and teachers are telling us about vaping
- what support is available

"Sharon delivered an informative vaping education presentation to our students. She was engaging and connected easily with them to deliver the key messages. It was so valuable and our students learned new knowledge to hopefully make better choices"
